Gas Pipeline Map

This map was originated from the NPMS Public Map Viewer found online at, <https://www.npms.phmsa.dot.gov/>. The National Pipeline Mapping System (NPMS) data consists of gas transmission pipelines and hazardous liquid trunklines. It does not contain gathering or distribution pipelines, such as lines which deliver gas to a customer's home. Therefore, not all pipelines in an area will be visible in the Public Map Viewer. **NPMS data is for reference purposes only. It should never be used as a substitute for contacting a one-call center prior to excavation activities. Please call 811 before any digging occurs.**
